RE: Student Social Security Numbers (SSN)

Dear Parents:

Over the years, Hawaii Baptist Academy (HBA) has entered student SSNs into the database when provided by parents. Because HBA does not use the SSNs for any reports generated by our software and because there is a growing concern regarding the potential loss of identity information if a hacker were to gain unauthorized access into the HBA server, a decision was made to delete all SSNs from the database.

We realize that in the past some families have contacted the Registrar's Office to obtain their student's SSN when completing application or other documentation, but this will no longer be possible.

We hope you will concur with our decision since it was made in the best interest of our students and families.

Sincerely,

Michael F. Tanigawa
Registrar
